CLIENT	DELIVERABLE	EST.	STATUS
JAZAK Trading Contracting & Services	Visual direction for jazak.qa	Doha, 2021	For client review

JZ-01
DIRECTION

Build the site the way JAZAK builds: precise, layered, under one roof.

The references you shared show a clear, service-led contractor site. We keep that clarity and move the look forward: a dark, engineered interface with site-drawing linework, real project photography and very little decoration. The tone is closer to an engineering firm than a brochure.

YOUR REFERENCES · WHAT WE KEEP

`zolointerior.com` `wisdomexpos.com` `injirestaurant.com` `sunnydaysolar.in` `spacetech` `opsole.com`

- Services listed plainly, one page each
- Project gallery as proof of work
- Phone, email and enquiry always one tap away
- We leave behind: auto-sliders, stock icon sets, heavy gradients and pop-ups

TARGET FEEL · WHAT WE BORROW

`aurora.tech` `mapbox.com`

- **Aurora:** full-bleed film, large confident headlines, small technical captions, scroll-led storytelling
- **Mapbox:** lines and terrain as brand texture, crisp interface cards, data shown as the product
- **Both:** dark ground, one accent colour, generous space, no clutter

Precise

Hairline grids, measured spacing and drawing-sheet labels. Every element looks like it was set out on site.

Grounded

Graphite and limestone, Doha light, real sites and real people. Built for Qatar's climate and its clients.

Integrated

One line runs through the whole site, from excavation to finishing to materials, the way JAZAK runs a project.

JZ-02
COLOUR

Graphite ground, one maroon signal.

The maroon comes straight from the logo. On dark screens it is lifted to a brighter Signal Red so buttons and highlights stay legible; the original maroon stays for the logo, hover states and print.

Graphite	JAZAK Maroon	Signal Red	Limestone	Aggregate
#0F0E0E	#7E0000	#D8263C	#ECE8E3	#C9BFB2
RGB 15 14 14	RGB 126 0 0	RGB 216 38 60	RGB 236 232 227	RGB 201 191 178
Page ground, video overlays	Logo, hover, print	Buttons, active states, lines	Text on dark, light sections	Secondary text, materials pages

70% GRAPHITE **18%** LIMESTONE **7%** AGGREGATE **4%** SIGNAL **1%** MAROON

JZ-03
TYPOGRAPHY

A wide, engineered headline face with a quiet text face beside it.

Archivo set in its expanded width gives headlines the weight of a site hoarding. Instrument Sans keeps long service descriptions easy to read. A mono face labels drawings, dimensions and data.

DISPLAY · ARCHIVO EXPANDED 600

Aa 2021

From the ground up, under one roof.

H1 · 96 General Contracting
H2 · 56 Civil & Structural Works
H3 · 22 Building Materials Trading

TEXT · INSTRUMENT SANS 400 / 17PX

From initial excavation and substructure works to reinforced concrete slabs, columns and beams, we make sure every structural element is built for strength and stability.

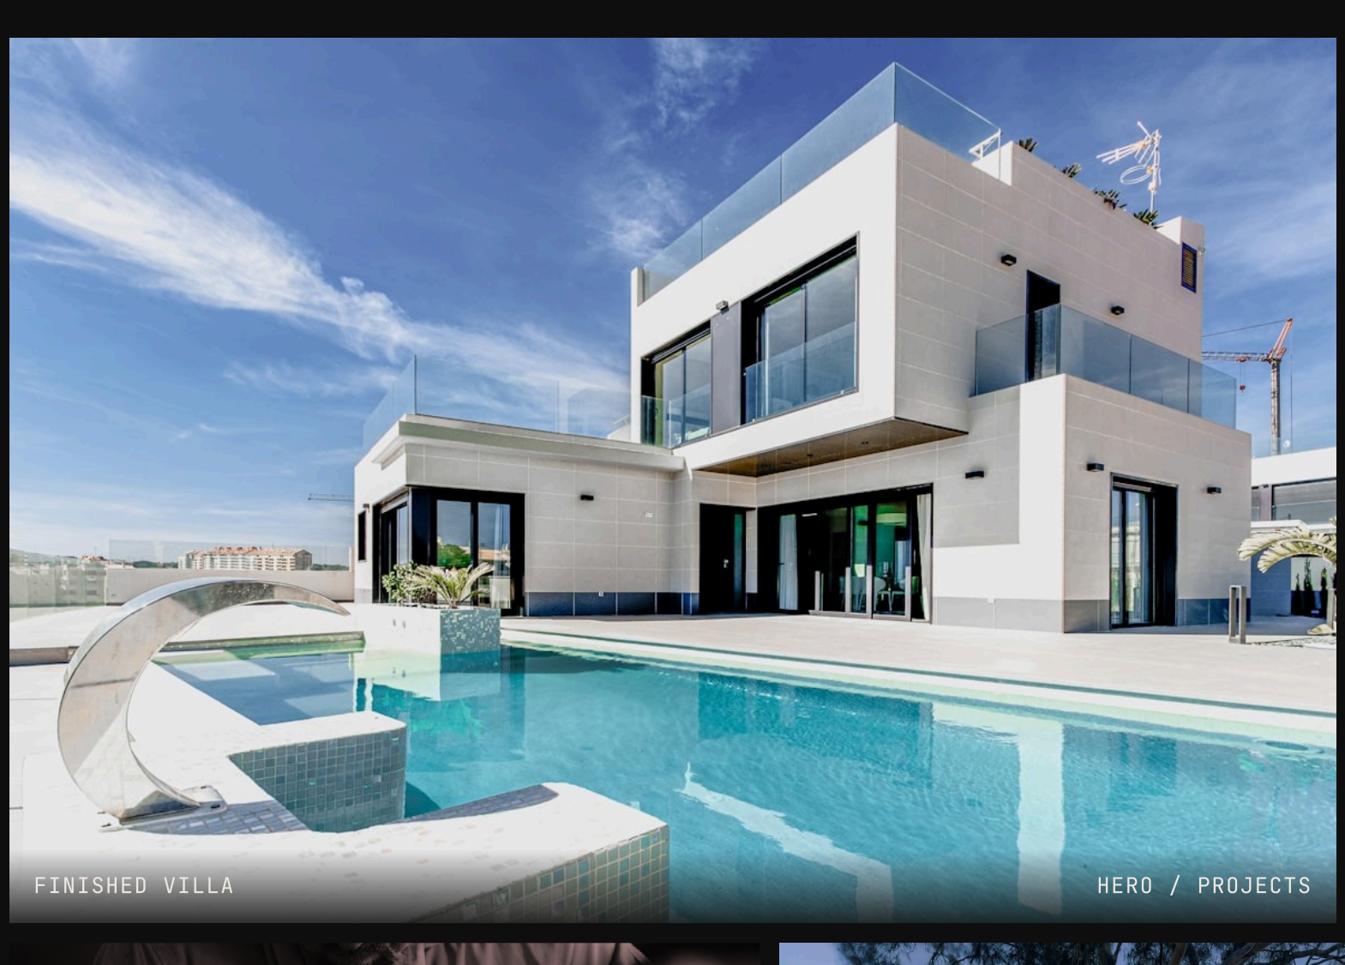
UTILITY · JETBRAINS MONO 400

SECTION A-A · SCALE 1:50
SLAB THK. 200 MM · C40 CONCRETE
ZONE 19 · STREET 200 · BLDG 415

JZ-04
PHOTOGRAPHY

Real sites, graded for one look.

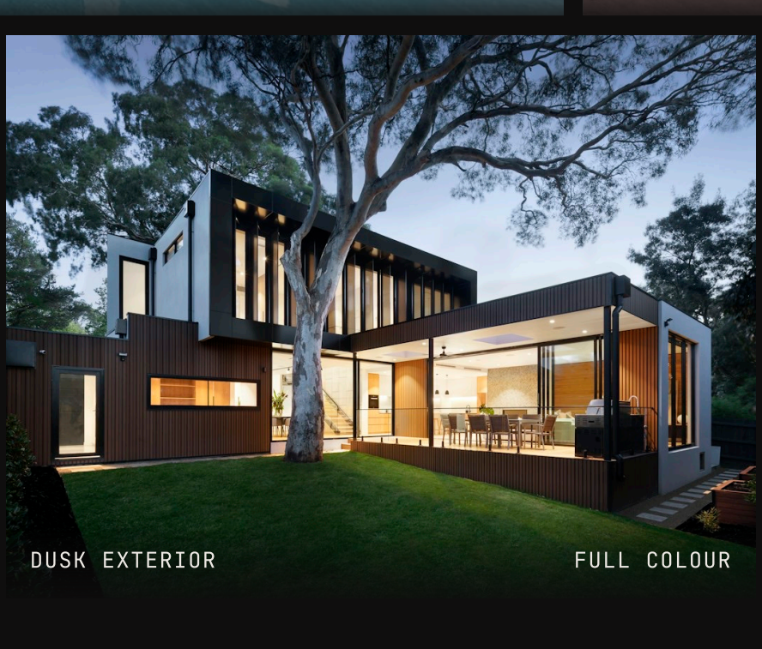
The images below are placeholders that show the mood. For launch we replace them with JAZAK's own project photos and a short drone and site film. Every photo gets the same grade so the site feels like one body of work.



FINISHED VILLA HERO / PROJECTS

STRUCTURAL WORKS GRADED

PLANNING GRADED



DUSK EXTERIOR FULL COLOUR

INTERIOR FIT-OUT FULL COLOUR

FULL COLOUR
Finished buildings and interiors. Golden-hour or dusk light, wide lenses, people kept small in the frame.

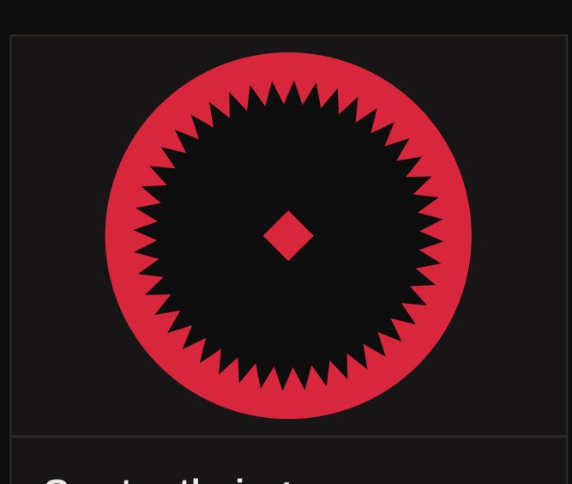
GRADED
Work in progress: rebar, formwork, planning. Mono with a maroon tint so busy sites read as calm and controlled.

AVOID
Hard-hat handshake stock, cut-out people, cartoon icons and heavy HDR.

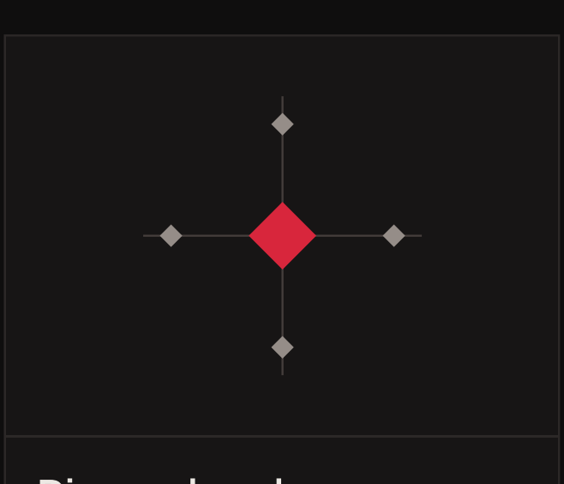
JZ-05
GRAPHIC LANGUAGE

Everything comes from the logo and the drawing sheet.

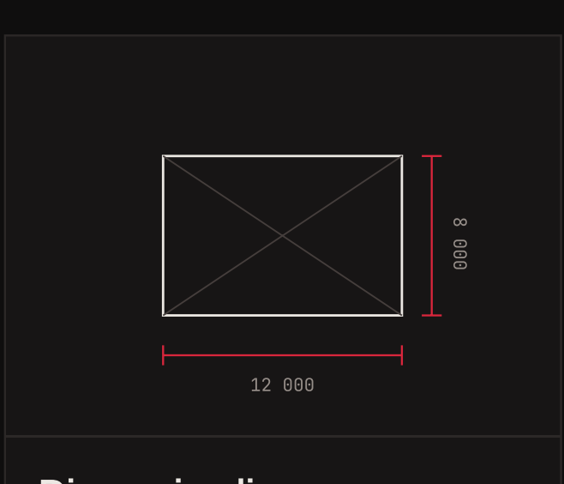
The sawtooth ring, the diamond and the hooked stroke of the mark become a small kit of shapes. Survey contours and dimension lines give the Mapbox-style texture without borrowing anyone else's map.



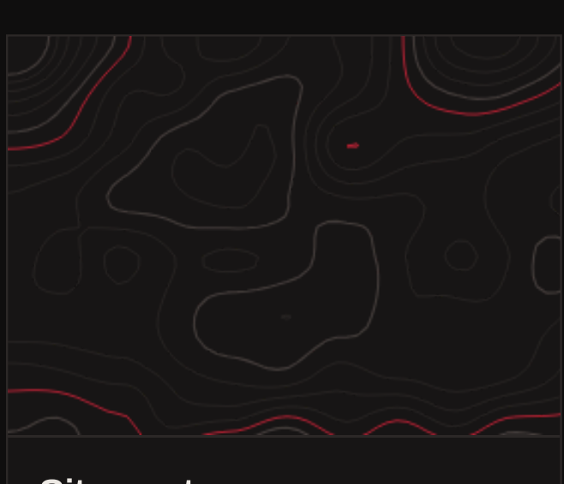
Sawtooth ring
Loader, section dividers and the hero's slow-turning badge.



Diamond marker
Bullets, map pins, timeline nodes and the active nav item.



Dimension lines
Frame images and stats like a drawing, with real millimetre values.



Site contours
Background texture for hero, footer and the projects map.

SIGNATURE ELEMENT

The integrated line

One red line draws across the page as you scroll and stops at each stage JAZAK handles in-house. It explains the one-stop promise in a single glance.

STAGE 1	STAGE 2	STAGE 3	SUPPLY
Excavation	**Structure**	**Finishing**	**Materials trading**
Site preparation and substructure	Slabs, columns, beams, blockwork	Paint, ceilings, partitions, doors, hardscape	Cement, blocks, aggregates, tiles, paints

ONE CONTRACTOR · ONE POINT OF CONTACT NO HAND-OFFS BETWEEN FIRMS

JZ-06
INTERFACE

Interface pieces, sharp and quiet.

Square corners, hairline borders and one red action per screen. Hover over the service card and buttons to see the behaviour.

NAVIGATION · STICKY, BLURRED OVER FILM

JZ-07
HOMEPAGE

One scroll, foundation to handover.

The homepage reads like a build sequence. Each section answers the next question a client has, and the integrated line ties them together.

HERO FILM	CONTOURS + HEADLINE
INTEGRATED LINE	4 STAGES
SERVICES	7 CARDS
PROJECTS MAP	FILTER + GALLERY
MATERIALS TRADING	CATALOGUE
VALUES + CHAIRMAN	TRUST
QUOTE + CONTACT	FORM, MAP, PLATE

01 **Hero film**
Slow site footage under live contour lines. Headline: "Where vision meets structure." One button: Request a quotation.

02 **The integrated line**
Excavation, structure, finishing and materials drawn as one red line as the visitor scrolls.

03 **Seven services**
General building, civil and structural, finishing, renovation, hardscape and landscape, general contracting, materials trading.

04 **Projects**
Map of Qatar with project pins and a filterable gallery from the company profile.

05 **Materials trading**
A simple catalogue: cement, blocks, sand and aggregates, tiles, paints, gypsum. Enquiry per item.

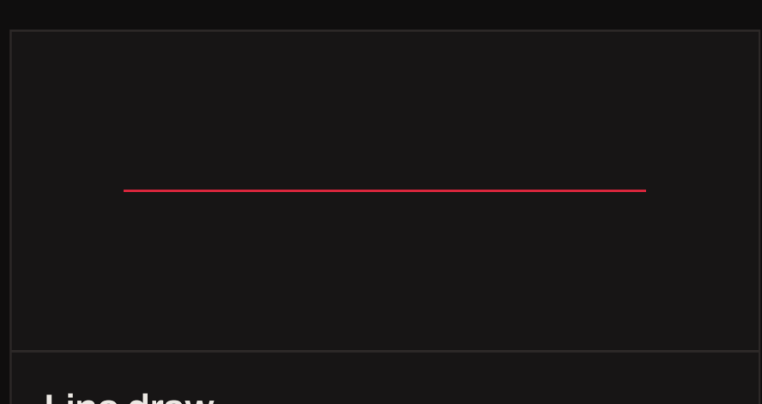
06 **Values and the Chairman's message**
Six values as a quiet grid. A short excerpt from Sultan Mahri A M Al-Mohannadi's message.

07 **Quote and contact**
Short form, WhatsApp, phone and the Zone / Street / Building plate.

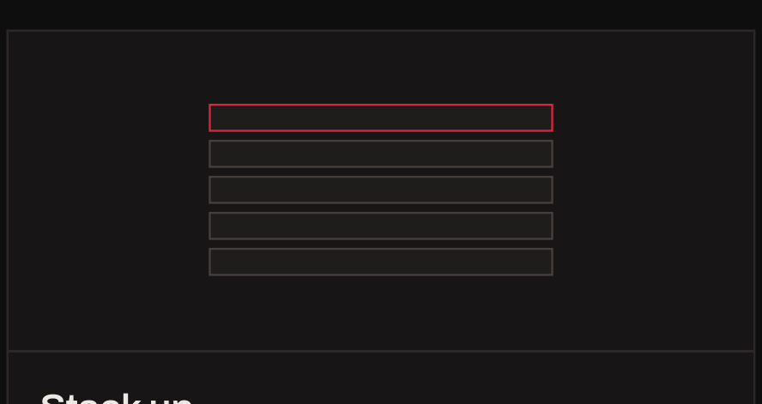
JZ-08
MOTION

Motion that builds, never bounces.

Three behaviours, used everywhere and nothing else. Motion is slow and mechanical, like a crane, and it switches off for visitors who prefer reduced motion.



Line draw
Rules and the integrated line draw in from the left as they enter view.



Stack up
Cards and images rise in courses, like blockwork, one after another.

2021

Count to value
Figures roll up once, in tabular numerals, then stay still.

`Ease: cubic-bezier(.6, 0, .2, 1)` `Duration: 600–1200 ms` `No parallax on text` `No auto-sliders`

JZ-09
REVIEW

What we need from you.

Tick through these with your team. Your answers lock the direction before we design full pages.

- ☐ Dark direction approved
  Graphite ground with maroon signal, as shown.
- ☐ Project photography supplied
  High-resolution images from profile pages 11 to 18, plus any site video.
- ☐ Logo source file
  Vector logo (AI, SVG or PDF) so the mark stays sharp at every size.
- ☐ Domain and hosting access
  Login or DNS access for jazak.qa so we can connect the new site.
- ☐ Project locations for the map
  Approximate areas only. Client names shown only with permission.

JAZAK
TRADING CONTRACTING & SERVICES

Next step after approval: full homepage design in desktop and mobile, then the seven service pages.
